**Ali Associates vision to make complete one window solutions for
enchancing the business of our clients globally.**

Ali Associates

Ali Associates is in the business of Custom Clearance for the last one decade. Over this period we have developed a tightly integrated network of air freight, sea freight and rail/road transportation facilities for our valued customers.

Ali Associates has built its reputation on a small but dedicated team of professionals and trained personnel covering all modes of transport air, sea and road. We have been serving around the world as per the specific needs of our valued customers at the same time maintaining the regulations too. We have acquired a wide range of experience with a particular emphasis on export and import cargo both by sea and air as N.V.O.C.C.

Moreover, in consideration of the scope and complexity of modern global operations in shipping and freight forwarding, we have a sales force highly trained in the shipping field, the airfield and the ground field, and more than capable of working in accordance with customer's requirements.

We firmly believe in service and communication and with this mind operate 24 hours & 365 days a year. This helps assist our overseas customers and agents no matter when or where problems or assistance is required.

Services

- ▶ CUSTOM CLEARANCE
- ▶ FREIGHT FORWARDING
- ▶ ROAD TRANSPORTATION
- ▶ SHIPPING

Rail & Road Inland Transportation

In addition to and in support of our global operations, Ali Associates has established strong domestic lanes for integrated on-time services.

Essentially we have created a tight web of international links to complement our international logistic system.

We are able to route our customer's cargo using reliable independent trucking firms, whichever is the most cost effective and time-efficient.

We provide complete transportation solutions for our valued customers and efficiently link our domestic services to our global operations by offering bonded transport and projects and heavy lift cargoes on special vehicles.

Custom Clearance

Custom clearance is the most technical part in the field freight forwarding. We have our in house custom broker's license where we are having vast & wide experience in this field to tackle the difficulties of customs clearance and to satisfy our valued clients as well as overseas partners. Our professional & dedicated team of field workers helps us clear all types of goods whether it is general cargo or the goods in need of special handling within the minimum required.

- Same Day Custom Clearance:

We have the provision of same day clearance for Export & Import shipments subject to provided all documents required. We have been clearing with perishable items, which of course require extra ordinary handling and time sensitive.

- Packing & Crating:

With a professional team of packers, we do the packing & crating of personal effects and household items. It is one of the potential departments within our company that does the job with maximum care and with 100% satisfaction of the client. This clients for our packing departments comprise not only the general customers, but also other reputed forwarders who do not have their own division of packing.

Planing & Preparation

From learning our valued customer's problems, needs and special requirements, to planning, scheduling the shipment, selection of carriers and cost estimation, and the proper preparation of the many documents necessary for international trade.

Our representative can also advise to our valued customers on the proper prepararion, packing and labeling of their goods to insure that every item in the shipment arrives at the right place on the right time and in excellent condition. Wherever possible, our representative will arrange their shipment to be contrainerized for maximum efficiency, or to be consolidated with other shipments going to the same destinations for maximum economy.

Our representative can supervise the pickup of our customer's shipment, delivery to the port of embarkation, loading and stowage of sensitive cargo. They will arrange the necessary bonded storage if necessary at the destinations.

Sales Force

Our philosophy of "Customer Service" means our representative and the management are in daily contact with our customers, importers, exporters, freight forwarders and custom clearance.

Regardless whether they ship with us or not, investigating the customer's needs, developing solutions for their transportation & logistics problems, and providing them high quality service are our priorities.

- Reliability
- Cost efficiency
- Safety
- Motivation and dedication
- Innovation
- Adaptation to special condetions

Over the year we have accumulated many faithful clients to our services that depends upon us to discuss their logistic problems and fully trust us for transportation of their cargo, knowing they will have by us best traetment and services they can get in Pakistan's market.
